The Tennant line of wet and dry vacuum cleaners provides a complete choice in tank capacity for every application. The Tennant V10 (4.2 gal / 16 L wet capacity) and V12 (6.6 gal / 25 L wet capacity) are robust and high performing industrial vacuum cleaners that remove water effectively from all types of decorative and hard floor surfaces.

The V14, with a 13 gal / 48 L wet capacity, is a multi purpose industrial trolley mounted vacuum cleaner designed for heavy-duty cleaning of extended floor areas. All models are available with a choice of tools that provide the flexibility for optimal cleaning performance.

Wide variety of uses

These wet/dry vacuums are ideal for virtually any environment: office buildings and shopping centers, noise sensitive environments like healthcare and educational facilities, and warehouses.
