

ISO15693 Antenna

13.56 MHz RFID

ISO15693 Standard

ACENTECH

OEM & ODM Welcome

ISO15693 Antenna

Gate Antenna ANT15054

- Self-intellectual property
- Support ISO15693 protocol tags(TI,PHILIPS,EM,ST,INFINEON,FUJITSU...)
- Advanced anti-collision algorithm,high identification rate tag processing speed 30-50pcs/s
- Channel width up to 120CM
- Low power dissipation design with RF power over 4W
- Built-in buzzer and LED indicator
- Customized interface optional;

Frame Antenna ANT8361

- Self-intellectual property;
- Support up to 6W RF power;
- RF cable with SMA socket;
- Classic outline with ABS shell

Handheld Antenna ANT3533

- Self-intellectual property;
- Support up to 3W RF power;
- RF cable with SMA socket;
- Classic outline with ABS shell

Panel Antenna ANT2534A, B

- Self-intellectual property;
- Support up to 3W RF power;
- RF cable with SMA socket;
- Classic outline with ABS shell
