

PRODUCT DATA SHEET

NO-TOX[®] FOOD GRADE DRY PTFE SPRAY

No-Tox Food Grade Dry PTFE Spray is a multi-purpose, convenient-to-use, dry-film lubricant that is NSF H1 registered for use where incidental food contact may occur. **No-Tox Food Grade Dry PTFE Spray** is fortified with PTFE lubricating solids to provide a clean, durable and long-lasting dry film for use in the “clean industries” where Moly and graphite are not permitted. **No-Tox Food Grade Dry PTFE Spray** is non-toxic and manufactured from FDA compliant ingredients.

Applications

- ◆ For multipurpose, dry-film lubrication of metal surfaces in the “clean” industries where other solid lubricants such as Moly or graphite cannot be used.
- ◆ For lubricating bearings, slide ways, conveyors, chains, cams, and hinges.

Features and Benefits

- ◆ NSF H1 registered
- ◆ Superior dry-film lubrication Durable white film does not easily transfer during operation.
- ◆ Solid lubricants Fortified with PTFE to provide a light, non-toxic layer of lubrication to reduce friction and pro-long component life.
- ◆ User friendly Will not affect plastic or painted surfaces. Non-toxic, non-corrosive and non-irritating. Easy to use aerosol spray applicator.

General Description

No-Tox Food Grade Dry PTFE Spray is an outstanding dry-film lubricant in an aerosol package for convenient application. **No-Tox Food Grade Dry PTFE Spray** is formulated with the highest quality ingredients, meets NSF H1 and FDA requirements for materials that may have incidental contact with food as defined under Title 21 CFR, 178.570. **No-Tox Food Grade Dry PTFE Spray** meets the volatile organic compound (VOC) exemption criteria established in California’s Consumer Products Regulation by the California Air Resources Board (CARB) and the proposed VOC limits by the Ozone Transport Commission (OTC) for lubricants classified as “Dry Lubricant”.

Product No. 61710

NO-TOX[®] FOOD GRADE DRY PTFE SPRAY

TYPICAL PROPERTIES

Product No.

RD68438

Lubricating Solids Type

PTFE

Appearance

Dry Film

Color

White

Caution: *Use in a well-ventilated space.*

Product is flammable and should be used with appropriate caution.

Do not spray on a hot surface or in proximity to flames or open fire.

Do not puncture or incinerate container, even when empty.

Always wear safety glasses when using this product.

Keep container away from heat.
