

2010

SabreLite™ 2010 LED Flashlight

Overview

The SabreLite 2010 LED is Pelican's flagship LED flashlight. LED technology produces a white collimated beam that's as bright as an incandescent flashlight and provides 10,000 hours of lamp life and extended battery burn time. The rugged, light weight ABS resin body is submersible and a twist on/off lens shroud eliminates accidental discharge. It is powered by 3 C alkaline cells. The SabreLite 2010 Flashlight is the future of LEDs.

- Built Pelican tough
- Unconditional Lifetime Guarantee of Excellence
- **Twist on/off activation**
- **Submersible**
- **Super bright LED beam**
- **As bright as a Xenon light with the battery life of an LED.**
