

## Multi-Use Live Center

- Accurate to  $\pm .0001$ .
- Great for manual lathe applications.
- Riten full service and repair.

The Multi-Use live center is ideal for general machine shop use. It can be used when machining thin-walled workpieces or general shaft work applications. The versatility of this center makes it a "must have" tool when your center needs change frequently.

MULTI-USE LIVE CENTER - MORSE TAPER
