

MAI<sup>®</sup> 2MIXMERKUR

MAN ASSISTING INNOVATIONS

## MOBILE FLEXIBILITY

# MAI<sup>®</sup>2MIXMERKUR

### FOR ALL PURPOSES

It's definitely hard to find a mixer which is as flexible as the MAI<sup>®</sup>2MIX MERKUR. The reasonably priced horizontal mixer is small enough for practically every boot and at your service for a vast variety of applications within seconds.

### FOR ALL SITES

Easy to transport and equipped with a 230V-connection (400V upgrade possible), the solid MAI<sup>®</sup>2MIX MERKUR is your perfect mixer for small building sites or working areas, which are difficult to access.

### GLUING, NOT CLOGGING

Thanks to removable mixing shafts, with which also fresh mortar and adhesives can be processed in highest quality, the MAI<sup>®</sup>2MIX MERKUR is the perfect device for precision work like the pasting of insulating materials.

Due to the easy-to-adapt MAI<sup>®</sup>CODUR mixing tube even adhesive remains can be washed out easily and residue-free.

### YOUR ADVANTAGES

- Reasonable and solid beginners model for various uses
  - Easy handling - just connect to the water and power supply, adjust the mortar quality and start
    - Exchangeable mixing shafts for different materials
  - 230V: can be connected to any socket - 400V upgrade possible
- Quick and easy dismantling - transport by one person possible - fits in practically every boot
- Easy cleaning - thanks to the removable MAI<sup>®</sup>CODUR mixing tube and MAI<sup>®</sup>CODUR shafts.
