ULTRAMOBILE FLEXIBILITY

## MAI® 4SILO MOBIL BUSINESS

### THE PORTABLE UNIT FOR WORKING ANYWHERE

Its compact construction permits transportation in any station wagon or truck. To make things even easier the MAI®4SILO MOBIL BUSINESS comes with an undercarriage on rollers as standard.

### ALWAYS AHEAD OF THE OTHERS

Low service and maintenance costs and trouble-free operation are decisive for economic success on the construction site.

That's why we put the following concept into practice:

- Clog-free: you'll save time, money and effort because unclogging hoses is no longer necessary
- Brilliantly simple operation: you can finally concentrate on what you do for a living
  - Oil-free: you'll never have to think about changing the oil again

### HOOK IT UP, PRESS A BUTTON AND...

the MAI®4SILO MOBIL BUSINESS will do the rest for you.

Take it easy thanks to our fully automatic pneumatic conveyor unit, which doesn't permit errors.

The patented MAI® air-management system will guarantee clog-free operation.

### YOU'LL BENEFIT BECAUSE:

- Extremely stable value and long service life
  - Fully hot-dip galvanized frame
  - Small and light feed unit

### AND FURTHERMORE:

- No work stoppages because of short-term power failures
  - Automatic blowing and after-blowing of silo air
  - Fully automatic hose drainage
