MAI[®] 4SILO MOBIL ECONOMY

THE PORTABLE UNIT FOR ANY SITE ANYWHERE

This pneumatic conveyor unit can be transported
in any station wagon or truck.

Reliability, trouble-free operation and the use of
proven technology are all decisive for economic
success on the construction site.

That's why we put the following concept into practice:

- Service-friendly modular construction
- Proven rotary vane compressor with oil lubrication
- Logical and easy-to-understand operation

HOOK IT UP, PRESS A BUTTON AND...

the silo will do the rest for you. Take it easy thanks
to our fully automatic pneumatic conveyor unit with the
patented MAI[®]air-management system.

YOU'LL BENEFIT BECAUSE:

- Compact feed unit w/o compressor
- Extremely stable value and long service life
- Fully hot-dip galvanized frame

AND FURTHERMORE:

- Fully automatic creation of silo pressure
- automatic after-blowing of silo air
- Fully automatic hose drainage
