

EVC900

The EVC900 is the perfect full HD video conferencing solution for big conference rooms or auditoriums. AVer's range of mobility apps complement the MCU making it ideal for people who are frequently on the move but still need to connect to important conferences. The high performance MCU offers real-time full HD 1080p video streaming and content sharing as well as a full HD 16X PTZ camera, microphone array, sleek UI and compact system design that provides a cost-effective way for up to 10 sites to connect. The EVC900 allows users to enjoy smooth, clear multisite conferencing under low bandwidth conditions, making it ideal for areas with insufficient telecommunication infrastructure.

10 Points Embedded MCU

Our EVC900 supports conferencing on up to 10 different locations at full HD1080p resolution. The cost-effective embedded MCU offering smooth video streaming is the ideal solution for those who want to start conferencing today.

PTZ 16X Optical Zoom Camera

The EVC900's impressive full HD PTZ camera with 16X optical zoom accompanied with +/-100° pan and +/-25° tilt, allows for clear close-ups of participants in large conference rooms.

Voice Activated Layout Switch

The voice activated layout switch feature allows the dominant speakers screen to be automatically enlarged. This function makes the video conference more natural by making it clear who is speaking and avoids the problem of participants inadvertently interrupting each other.

One-Touch Recording

Record your video conferences - video, audio and shared content - directly to a USB flash drive, turning them into video archives that help avoid post-meeting information loss.

Playback recorded meetings using your EVC900 system or on your PC or laptop using AVer's VCPlayer software.

Built in SIP Server & Registrar

The EVC900 provides conferencing for up to 10 different sites and allows AVer and non-AVer systems and any SIP-based devices, app, and software to communicate. The EVC900 is the ideal solution for businesses that want smooth video streaming from a cost-effective device.

Connect Anywhere & Anyplace

The EVC900 allows you to connect up to 10 sites no matter where they are. Download AVer's mobility software EZMeetup to enjoy video conferencing on PC, laptop, mobile phone and tablet. Enjoy clear images and sound with EVC900 to ensure that those important people can join in those important conferences wherever they are.
