

# EVC100

The EVC100 is a highly cost-effective HD video conferencing solution, featuring real-time HD720p video streaming and content sharing, a wide-angle HD camera, microphone array, sleek UI and compact system design. In addition, EVC100's 3-year standard warranty and remarkably low total cost of ownership (TCO) translate into astounding ROI and great savings on large-scale projects.

\*EVC100 is available for select markets and projects only.

**HD video & content**

**wide-angle HD camera**

**sophisticated MIC array**

**advanced network tech**

**easy remote management**

## Key Features

- Experience smooth, real-time video communication up to HD720p30fps
- Share and receive content from computers, visualizers (document cameras) and similar devices at HD720p resolution and lag-free 30fps frame rate
- Get everyone into the picture comfortably thanks to the wide-angle camera's unparalleled 88° FOV and pan and tilt functionality
- Produce crisp, true-to-life sound with the EVC100's unique microphone array and sophisticated audio processing technology

- Achieve smooth audio and video streaming under erratic network conditions through AVer's exclusive High Efficiency Lost Packet Recovery mechanism (HELPeR™)
- Benefit from the system's compact, lightweight hardware design and straightforward, user-friendly operation
- Enjoy peace of mind with AVer's industry-leading 3-year standard warranty
- Access the system remotely and troubleshoot issues in real-time using WebTool, AVer's web-based management platform, or leverage Wake-on-LAN (WOL) to power on the system remotely
- Integrate EVC100 with audio-visual equipment via LAN or the Internet through Telnet support
- Connect with other standards-based video conferencing devices through H.323/SIP
