

**Model : AN-C33K-AHBM1**

**Feature :**

- 1.3MP/960P High Definition Video Output
- Super Low Lux
- Use traditional CCTV coaxial cable transmission
- Easy installation
- IP66 Waterproof

## Specification

|                          |                                   |
|--------------------------|-----------------------------------|
| Model                    | AN-C33K-AHBM1                     |
| Image Sensor             | 1/3" Aptina CMOS Sensor           |
| Scanning System          | Progressive scan method           |
| Resolution               | 960P                              |
| Effective/ Output pixels | 1MP (1280H*720V)                  |
| Image System             | PAL / NTSC                        |
| Electronic Shutter       | 1/50s ~ 1/100,000s                |
| Min. Illumination        | 0.001Lux/F1.2(AGC ON), 0Lux IR on |
| Video output             | 1 CH AHD output                   |
| S/N                      | More than 50dB (AGC off)          |
| Gamma correction         | 0.45                              |
| Lens                     | HD Fixed Lens 3.6 mm              |
| IR Status                | IR Array LEDs : 4 Pcs             |
| Infrared Distance        | 50M                               |
| IR Power On              | CDS Auto Control                  |
| Operation Temperature    | -10°C ~ 50°C                      |
| Humidity                 | 20% ~ 90%                         |
| Operatihg Voltage        | DC 12V                            |
